DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 14-26 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The limitations in claim 14 do not draw the preamble "an alignment mark system". The phrase "the light pattern" in claim 17, line 2 has no antecedent basis.

The remaining claims are dependent upon the above rejected base claim and thus inherit the deficiency thereof.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claim 14 is rejected under 35 U.S.C. 102(b) as being anticipated by Taylor et al (5,933,228).

The limitations in claim 14 are shown in Taylor et al's Figs. 1-3. Thayer et al discloses a lens alignment system comprising a substrate 101 and a lens alignment structure formed in the substrate that has a focal point in the substrate or near a surface of the substrate.

5. Claims 1-3,9-12,14-16,22-25 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Liao et al (4,935,939).

The limitations in claims 1-3,9-12,14-16,22-25 are shown in Liao et al's Figs. 1-4,8.

Allowable Subject Matter

6. Claims 4,13,17,26 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

7. Claims 5-8 and 18-21 are objected as being dependent upon the above objected claims.

Response to Arguments

8. Applicant's arguments with respect to claims 1-3,9-12,14-16,22-25 have been considered but are moot in view of the new ground(s) of rejection.
